DETAILED ACTION

Allowable Subject Matter

1. Claims 1-5,7-12,14-19,21-28,30 and 31 are allowed.

The following is a statement of reasons for the indication of allowable subject matter:

Claims 1, 8, 15, 21, 22, 23, 30 and 31 are allowable over the prior art of record since the cited references taken individually or in combination fails to particularly disclose a system comprising a first VLAN capable switch connected to a first SUT located at a local site, a second VLAN capable switch connected to a second SUT located at a remote site, a connection between the first VLAN switch and second VLAN switch such that first and second SUT's are dynamically connected to or disconnected from a VLAN, a local burn rack located at the local site for receiving the first SUT and a remote burn rack located at the remote site for receiving the second SUT such that the first and second SUT's are tested and software is configured while operating together on the VLAN.

It is noted that the closest prior art of record, Pendelton (US 5982753) shows . Hoa system for testing comprising a switch with a bay for testing a plurality of SUT's connected to the switch. However, Pendelton fails to disclose or render obvious the above underlined limitations as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to CHRISTOPHER P. GREY whose telephone number is (571)272-3160. The examiner can normally be reached on 10AM-7:30PM.
